## Pend Oreille County Campgrounds Maps & Information

Are you excited to make plans to get out and explore the area this summer? Pend Oreille County offers numerous campgrounds and recreational sites. As a condition of the PUD's FERC license to operate Box Canyon Dam, we publish a recreation map which includes detailed information and site specific maps on most of the campground and recreational sites in the area. Please use the link below to view a PDF of the maps and related information. [Campground Map](#)

All Washington utilities report their sources of electricity to the Department of Commerce, which combines the information with data from wholesale markets to determine a fuel mix summary for each utility. The fuel mix is reported based on rules established by the Department of Commerce and is based on the generating plants and contracts of each utility, and the power sources used by the Bonneville Power Administration. The 2022 Department of Commerce published report is available here: [Washington State Electric Utility Fuel Mix Disclosure Report](#). Please note - the data for 2023 is currently being compiled.

*Washington State Law requires the PUD to disclose the mix of fuels used to generate the electricity sold to its customers under RCW 19.29A.*

## The PUD's 7th Annual 811 Art Contest is Calling Artists of all Ages

April is National Safe Digging month and we need your help to promote 811 & safe digging practices. We invite you to submit artwork that illustrates safe digging utilizing the theme of 811's slogan: "Know what's below. Call before you dig."

**What is 811?** State law requires anyone digging a hole that is one foot deep or more to call 811 at least two business days before starting. Why? For everyone's safety. Hitting an underground utility line could be extremely dangerous and interrupt power to your neighborhood.

**For contest rules and details**, download the contest registration form here: [811 Art Contest](#). Submissions are due Monday, March 25, 2024 by 5pm. Up to four winners will be selected and each will receive a prize.

Pend Oreille PUD cautions customers to be aware of telephone scams. We regularly hear from customers that telephone scammers are targeting our service territory. Beware of phone calls threatening disconnection of your power due to non-payment. If you receive a call instructing you to provide a credit card number in order for your PUD account to be reinstated, *it is a scam*.

The PUD does make phone calls to customers regarding delinquent accounts, however, we do not take payment directly over the phone. Customers who receive suspicious phone calls should hang up and call us at 509-447-3137. For more information surrounding various types of scams to be aware of, please visit the News & Alerts section of our website or click here: [Beware of Scams](#).

## PUD BOARD OF COMMISSIONERS & MEETINGS

The PUD is governed by three locally elected commissioners who serve six-year staggered terms. The current PUD Commissioners are: Joe Onley - President, Dave Rick - Vice President, and Curt Knapp - Secretary. Our commissioners are here to serve you. Feel free to contact them anytime by phone or email.

Customers and community members are invited to attend public meetings and be heard by the commission. The PUD's Board Meetings are held in-person in either Newport or at Box Canyon Dam as well as virtually via Microsoft Teams. Special meetings are subject to take place at anytime. For meeting schedules & more information, please visit our website here: [Commissioners & Meetings](#).
